

HB 1756 -- JUNE'S WEEK

SPONSOR: Steinmeyer

COMMITTEE ACTION: Voted "Do Pass" by the Special Committee on Tourism by a vote of 9 to 0. Voted "Do Pass" by the Standing Committee on Rules-Legislative by a vote of 11 to 0.

This bill designates the first full week in September each year as "June's Week" and "Rare Pediatric Disease Week" in Missouri in honor of June, a young Missourian undergoing treatment for an atypical teratoid rhabdoid tumor, subtype B (ATRT-B).

PROPOSERS: Supporters say that this bill would help bring awareness to rare pediatric diseases at no cost to the State. No child or family should receive a diagnosis and be told there isn't enough research to help diagnose it earlier or to cure it. Dedicating time to recognize these conditions encourages more research and reminds families affected by the diseases that they are not alone.

Testifying in person for the bill were Representative Steinmeyer; Matt Jessee; Tom Rackers; John Ruth; and Arnie Dienoff.

OPPOSERS: There was no opposition voiced to the committee.

Written testimony has been submitted for this bill. The full written testimony and witnesses testifying online can be found under Testimony on the bill page on the House website.
